Subject: next week's call with FDEP re: MOA language on ESA
Attachments: Draft FL MOA language on ESA.DOCX

Jeaneanne,

Attached is the draft MOA that we plan to discuss with FDEP on Wed, May 30, at 4:15. We've worked through our revisions with OGC, and we are all comfortable with the contents of the attachment. We will not forward this to FDEP in advance.

I forwarded you the meeting invitation, which I received from Megan Seward and has the subject heading "Call with Thomas McGill, EPA." Rosemary shared a Skype link, which she will initiate during the call, which can be accessed though: → [Join Skype Meeting](#). As you indicated that you expect to be available for the call, I'm assuming you may want to open the discussion. Rosemary and Phil will take the lead on walking FDEP through the document.

If you have any questions or wish to discuss any of this please let me know.

Tom
